C.S. Balasundaram Iyer Esquire, B.A.,
Chief Secretary to the Government of Mysore.

I have the
ne reports of verification of the stocks of food grain
n the several depots in the State on 1st May 1920. It
ill be seen that the reports relating to the Depots at
orab, Tarikere, Chickmagalur, Siddlaghatta, Kolar and
annapatna have not been received till now in spite of
minders sent to the Deputy Commissioners.

I have the honor to be,

Your most obedient servant,

Food Controller and Director
of Civil Supplies in Mysore

Depot writes that the stocks were "not verified in detail". The Deputy Commissioner is requested to kindly issue instructions to the Amildar to have the stocks verified properly. It is further seen from this report that out of the sale proceeds of ₹ 84-7-1 being the cash on hand, a sum of ₹ 81-6-6 was credited to the Society. Why the sale proceeds were not credited to the Treasury requires explanation.

5. The Amildar Devanhalli Taluk remarks in the verification report of his depot, that while going through the accounts 134 gunnies are noted as 'not found'. The value of these gunnies will have to be recovered from the persons responsible for their loss.

The conditions of the grains in stock is not noted in several of the returns. It is requested that this omission may not occur in future reports, as it is very important to see that the stock is not allowed to deteriorate.

6. From the reports so far received in this office, it is seen that the stocks of rice and broken rice in the several depots in the State on the 1st May 1920 amounted to 40795 pallas and 2421 pallas respectively. The probable value of these grains and that of the 14229 empty gunnies comes to ₹ 889608/- besides cash on hand amounting to ₹ 12468/- as per details furnished in the enclosed consolidated statement. The Provincial Grain Depot holds stocks worth a little over five and half lakhs of rupees. As regards the stocks in other depots, the Kolar District has got the largest stocks valued at ₹ 191045/-

There are no stocks of food grains in the depots at Anekal Hunigal, Belur, Arsikere, Channrayapatna and Holenarasipur. The

Submits the explanation of the Amildar, Sorab Taluk for delay in subritting the verification report.

Report No.496 dated 31st May 1920 from the Amildar, Sorab Taluk to the Deputy Commissioner, Shimoga Distri

begs to state that as most of the rice bags were torn and damaged by rats and the rice itself attacked by weevils and thereby very much damaged, orders were solicited to get the entire stock cleaned, measured and put into bags of uniform quantity. Soon after the receipt of orders from the Sub Divisi Officer, it was not possible to get the entire quantity cleaned and measured owing to paucity of labourers and want of sitting space in the Taluk Office inside verandah and consequently the stock could not be verified and the report submitted in the month of May. In these circumstances the stock is taken as 77 pallas and 33 seers as per accounts in the verification repor herewith submitted. The cleaning of the rice was completed only on the 23rd instant and the quantity will be measured and the correct balance given in the verification report for 1st June 1920.

Owing to several tank-water-disputes i villages for watering the standing vaisaki paddy crops, to attend to urgent orders to go to those places for immediate action and reports; which occupied much of my ti and for want of a food clerk who knows English, and who should also be a permanent official in the Taluk Establishm I have been attending to food works myself, and have to pr and submit all the accounts. Sir,

With reference to your letter NO.F.C.15 of 19-20 dated the 4th November 1920 requesting me to send my explanation for not furnishing the verification statement of the Chikmagalur Grain Depot on the 1st May 1920, I have the honor to state that the Depot establishment was dispensed with on the last day of December 1919. The depot accounts had to be prepared by the Municipal office Accountant who had other duties to attend to. Moreover I am informed by the accountant that they had to wait for a few days in the month of May to get the printed forms prescribed for the preparation of the verification account. Hence a short delay. The Verification report for the month of April due on the 1st May was sent on the 18th May to the Food Controller and the Deputy Commissioner and long before the reminder was received, and a reply to the said reminder was sent with this office NO 278-1 dated 31st May 1920.
